**Gli statuti delle srl. (LIMITED COMPANY ARTICLES OF ASSOCIATION)
WITH CD-ROM**

by Di Diego Sebastiano; Micozzi Fabrizio; Zagaglia Orietta

The compliance of limited companies' articles of association with company law reforms is a highly relevant subject and, as such, of the utmost importance to companies, consultants and legal players. Therefore instruments are required that are marked by practicality and thoroughness in their approach and use. The volume aims to meet those requirements, both by exploring various aspects of the reform, as well as through the concrete proposal and analysis of numerous solutions, from the most simple to the most complex, like those in regarding contributions, limited distribution rights and shareholders' decisions.
